ISSUE:

Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022. The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.

There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.

The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side.

Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 0900hrs on 2022-02-13:

Highway 4 remains completely blocked at the Port of Entry (POE) at the Coutts location.

CBSA has temporarily suspended entry to Canada at the Coutts location (as of yesterday afternoon).

The Government of Alberta is still considering an injunction, but there is nothing further to report at the time of this submission.

with the Border access to Coutts still blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.

the mood remains neutral to police, and CCMG remains engaged with the identified leadership group.

At the main site in Coutts currently 23 semi-trucks, 1 personal vehicle, and 2 farm tractors are lining the northbound side of the highway 4 and 15 semi-trucks, and 2 personal vehicles block the southbound lane.

At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts and stretches west to east across the entirety of Highway 4, 6 semi-trucks, 16 farm tractors, 4 personal vehicles and 10 RV's are parked.

At check point 10, which is set up 18km north of the main site on highway 4 there are 23 commercial vehicles, 98 RV's, approximately 221 passenger vehicles, and 11 farm tractors.

At CP5 which is east of the Coutts blockade, 8 RV's, 38 passenger vehicles, and 2 enclosed trailers attached to personal vehicles are parked.

Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 1700 today). No protest activity to report.

The Government of Alberta has procured five confirmed tow trucks, and are currently working on a sixth. Enforcement team also has one heavy duty tow truck owned by the City of Edmonton remains on stand by due to tactical considerations.

Investigators are still working on some additional heavy duty bulldozer strategies that would support the existing tow assets.

The identified legal protest area on the west side of Milk River remains an option presented by police to shift the protest group off the highway near CP10 and CP14 in Milk River. At this juncture, no movement by protesters has occurred.
